

Vendor sign up for the 2008 is here!

Vendors last year enjoyed the best year ever in sales. Our Light Sport Pavilion vendors sold 7 aircraft and had the largest crowd in our 30 years see their products. We are looking forward to another great year with your help! Please notice the new layout and power availability for Raptor and Hornet rows. RMRFI will allow the use of Honda whisper quiet generators, where power is not available. RMRFI reserves the right to limit use of generator if unit is not a Honda whisper quiet.
